

Summer winter garden meeting- MAY 19th

PHS work

Getting Compost on May 25-26th for garden from Primex. 10 cubic yards
No more than 2 wheelbarrows per plot.
Compost in composting area on east side

TREES: Elm tree needs trimming, pruning. Should be pruned in October with funds from PHS

Dead wood on plum tree and other trees should be taken out that have issues
Contract to include all work now and later.

ACTION: Joe and Amanda to discuss with PHS and Ken, the arborist on options to get work done.

General Garden Work

Mandatory Garden work assigned to gardeners for community spaces
Spots are being taken care of by individuals.
Amanda is consulting with gardeners on how to do it
Will emphasize the assignments and able to questions asked via email
